

PUBLIC SERVICE & OUTREACH STUDENT SCHOLARS PROGRAM

SUPPORTED BY THE OFFICE OF THE VICE PRESIDENT FOR PUBLIC SERVICE AND OUTREACH

2022-23 PROGRAM OVERVIEW

The **Public Service & Outreach Student Scholars** program provides the opportunity for a select cohort of undergraduate students to explore and engage with the University of Georgia’s public service and outreach (PSO) mission. The Student Scholars program is *not* a service organization per se, but rather an opportunity to learn how UGA applies expertise across the state to develop leaders, create jobs and address critical challenges in Georgia and beyond. Supported by the Office of the Vice President for Public Service and Outreach, this year-long program is intended to provide deeper understanding of PSO’s purpose, breadth, and depth through supervised service experiences with PSO and communities, to help students link their public service experiences with their career and educational goals, and to create a community of student scholars who understand the role of public service and outreach in Georgia and more broadly. The program is also an approved Experiential Learning opportunity.

The program was first established in Spring 2011. For the 2022-23 program year, a cohort of up to 25 PSO Student Scholars will be selected through a competitive application process. Two returning students serve as mentors.

Cohort Meetings and Activities

The Public Service & Outreach Student Scholars are expected to take part in all of the following:

2022-23 PROGRAM OVERVIEW

Optional Summer/Fall Internships

Upon completion of the program, Scholars are invited to propose a **summer outreach, research or internship project** with a PSO unit (locally or at other locations where units are engaged). Some options for Fall 2023 may also be available, depending on unit needs. Typically, 5-8 projects are funded each year.

Recognition

Students selected as Scholars will receive recognition at the Public Service and Outreach annual meeting during Honors Week in April. Scholars are also occasionally invited to represent UGA and PSO as “ambassadors” at special events, on and off campus. Completing the program qualifies for UGA’s Experiential Learning requirement.

The Public Service & Outreach Student Scholars program is open to any UGA undergraduate student in good standing (preferred GPA 3.0 or higher) who has completed at least a year of university study prior to Fall Semester 2022, and who commits to full participation in the program and activities. A cohort that represents the breadth of our campus’s diversity across majors, personal and academic backgrounds, gender/ethnicity, geography, graduation year, etc. is desired, and all interested candidates are welcome to apply.
